

CAN THE DEAF HEAR IN THREE MINUTES?

Wonderful Results Claimed for New Preparation Owned by Easterner.

HE EXPLAINS WILD RUMORS SAYS REPORTS OF RESTORED HEARING EXAGGERATED.

Can an individual who has been deaf for a number of years be made to hear again in three minutes?

The answer to the above question would seem to be an emphatic "No," yet the Cooper "stomach man," who is now in Salt Lake introducing the preparations which have made him famous throughout the United States, says, "Under certain conditions, yes."

Reports from eastern cities state that Cooper gave demonstrations in which he agreed to make deaf people hear again in three minutes. One of his preparations and it is claimed he was successful in many cases. When asked about these seeming miracles yesterday the "stomach man" said:

"In cases where deafness has been produced by catarrhal trouble I have a preparation that will bring relief in a few moments' time, but only in cases of this character. In the rest, I have given public demonstrations with my medicine that were really astonishing, but the reports of what I accomplished became greatly exaggerated and it was claimed I could restore the hearing of any deaf person in a few moments' time. This is not true, by any means, and these false reports caused many people great disappointment. For instance, one man came all the way from Omaha to New York when I was there last year, who had been stone deaf from birth. He was almost broken-hearted when I refused to even try to help him. Such an experience as this makes me very cautious, as it is a terrible thing to witness the despair of an individual such as this man who had been led to believe there was hope for him."

"I shall give some of these demonstrations in Salt Lake City and will attempt to relieve sufferers from catarrhal deafness in three minutes. If I am successful I will be more ready to discuss it. I, of course, charge nothing for these demonstrations."

"I shall be at Smith's 'Busy Corner' drug store, Main and Second South streets, from 10 o'clock in the morning to 6 in the evening each day during my stay here. Saturday night the hour will be extended to 9 o'clock. I came here to convince the half sick people of this city that the only thing the matter with them was an overworked stomach. I have convinced thousands of persons here already, and shall convert many more to my new health theories before I leave."

YOUTH COLLIDES WITH AUTOMOBILE

Escape of Bicyclist From Injury Appears Almost Like a Miracle.

Crashing into a speeding automobile with such force as to wreck his bicycle and break the fender of the car, William Allicote, a messenger boy in the service of the Independent Messenger company, last night escaped serious, or what might have been fatal injury, as if by a miracle, and came out of the accident without even a bruise.

The accident occurred shortly after 7 o'clock on East Second South street, opposite Edison street. The car, containing T. G. Odell, county physician, and E. P. Kirtley, assistant county physician, was running east on Second South street. Allicote came out of Edison street and, whether in a moment of confusion or unaware of his danger, collided with the front of the automobile before warning could be given.

The car was brought to a stop within twenty-five feet and the two physicians sprang to the prostrate form in the street. Allicote was placed in the motor car and the chauffeur was instructed to hasten to the hospital. Before a block had been covered, however, Allicote revived and, insisting that he was unhurt, asked that he be taken to the messenger office. When taken there Dr. Odell and Dr. Kirtley made a careful examination and found the boy uninjured. After recovering from the shock of the accident, Allicote resumed his work. Speaking of the accident, Dr. Odell said:

"It was one of those almost unavoidable accidents. We had five lights on our car, but apparently the boy didn't see us, or wasn't watching his direction. He had no light on his bicycle and we did not see him until he plunged almost in front of our car. It seems almost miraculous that he was not killed outright."

CLEANING THE DECKS FOR XMAS

Prices Reduced to the Lowest Notch to Effect a Speedy Clearance

Fur Sets \$15.95

FINAL GRAPPLE.

Fighting is in Progress and Assault on Capital Will Follow.

Washington, Nov. 28.—Nicaraguan insurgents are now engaged in what is expected to be the final grapple with the Zelayan forces, according to unofficial advice tonight reaching Salvador Castillo, representative of the Nicaraguan insurrectionary forces here.

The advice indicates that fighting is in progress at Rama and Greytown, and that a general assault on Managua, the capital, will follow.

Arms and ammunition landed early this week from the Norwegian steamer Utstein are believed to be in the hands of the insurrectionists, and prompt use of them by Estrada's forces is expected.

COURT DECISION AFFECTS MARKET

Men Engaged in Heavy Speculation Were Frightened for a Time.

New York, Nov. 28.—Nearly the whole thought of persons interested in the stock market was given up last week to the court decision against the legality of the Standard Oil company. The effect of this was greater on account of the active speculation that had been going on because of reported plans for the consolidation of the principal copper producers and the passing of control of the Western Union Telegraph company to the American Telegraph & Telephone company.

Fears arose that these transactions would be nullified by the new decision. The passing of anxiety over the immediate money situation lacked the power to help the market in the face of the uncertainty caused by the Standard Oil decision.

Some recovery ensued as apprehension subsided, returning confidence was based mostly on precedents of similar decisions to which readjustments had been successfully made. There remains, however, an undercurrent of apprehension, as was shown by the weak ending of the stock market.

The relaxation of the money market owed something to stock market liquidation and quieting down of speculation following the Standard Oil decision.

The increasing strength condition of the Bank of England and the easing of the London discount market were influences in this direction. Gold has continued to go out from the city, but the crop movement in this country is waning, and a return flow of currency to New York is the consequence.

Confidence was maintained that the efforts toward a combination of copper interests had not been abandoned.

Iron and Steel.

A revival in structural steel building work, record-breaking specifications and orders for sheets and tin plates and continued heavy business in wire products were leading features in the steel industry last week. Orders for railroad equipment, including cars, locomotives and rails, have been less heavy, but important.

Contracts for fabricated steel have aggregated \$6,000 tons, of which 3,500 tons were for New York contracts.

From indications, total contracts for structural work in November will be 100,000 tons.

Rail contracts last week aggregated 31,000 tons, the largest order being 14,000 tons for the Lehigh Valley.

Contracts for cars have been only 1,800, but for the month car shops have booked orders for 34,000 cars, while locomotive works have entered orders for 340 engines, only 20 of which were placed last week. Railroads also have ordered \$6,000 more steel wheels, and some important

orders for track supplies have been placed.

Dullness has been the principal feature in pig iron.

It is estimated that contracts in all sections in November were 60,000 tons, a sharp contraction compared with record-breaking orders in October, when 1,200,000 tons were sold.

TO BE GIVEN AWAY ON December 24th, a youth's automobile. One vote given with every 25-cent purchase. Sale of overcoats 1-3 off; \$35.00 overcoats for \$23.00; \$30.00 overcoats for \$20.00; \$25.00 overcoats for \$16.65; \$20.00 overcoats for \$13.50; \$15.00 overcoats for \$10.00; \$12.50 overcoats for \$8.30; \$10.50 overcoats for \$7.00. REICHSTAG WILL DISCUSS TARIFF

American Affairs Likely to Be Touched Upon by German Body.

Berlin, Nov. 28.—The reichstag will reconvene Tuesday, the emperor returning to Berlin to open the session personally. The speech from the throne is expected to contain interesting forecasts of the imperial policy. The session will be comparatively quiet, it is believed, although the settlement between the various parties is still intense.

The Socialists are the only party satisfied with the course of events since the finance bills were passed. The recent bye-elections for the reichstag and the state and municipal elections show a drift of political tendencies strongly toward the Socialists.

The deliberations in the reichstag are expected to touch American affairs. Various points of the American tariff will be discussed in some form, even if no treaty or tariff agreement is presented for ratification. The American exhibition in Berlin also will be threshed out.

The German members are likely to criticize the recent declaration of Count Bernstorff, the German ambassador at Washington, of the aims of German policy, which amounted to renunciation of further colonial ambitions.

American trade affairs probably will be brought up in the discussion over the bill taxing potato exports below syndicate prices.

You can sell it—if it's advertisement.

DIED.

TRIPP—In this city, November 28, 1909, Mrs. Frances Ann Brown Tripp, aged 21 years, of scarlet fever and other complications. Funeral will be held at 2 p. m. today from the family residence, in Keyser court.

SAYS WIFE'S BOAST CAUSED HIS ARREST

St. Louis Man Is Taken Into Custody on Charge of Bigamy—Prefers Missouri Wife.

St. Louis, Nov. 28.—Samuel H. Buschmann is in jail on a warrant issued in Milwaukee, at the instance of Mrs. Bertha Liersch Buschmann of Milwaukee, charging bigamy. He was taken from his home last night, where he was living with Mrs. Annie Juergens Buschmann, whom he married in 1892.

Buschmann does not deny the charge. Last June his St. Louis wife confronted him in Milwaukee, where he had been living with his other wife. As neither wife would prosecute, they decided to abide by his choice.

Buschmann chose his St. Louis wife and came here to live. The Milwaukee wife stipulated that she should be paid \$15 a month, and it is said that these payments were made. Buschmann told Detective Louis Krause of Milwaukee that his St. Louis wife's boast to his Milwaukee wife caused his arrest.

FORMER SENATOR ILL.

Omaha, Neb., Nov. 28.—The condition of former United States Senator Dietrich has shown no change in the last 24 hours. The attending physician, Dr. Bridges, does not consider the case serious in its present stage. Senator Dietrich was brought to this city yesterday from his home at Hastings for treatment for heart trouble.
